

INTRODUCTION

Oakhaven Capital was established in June 2011 by individuals who shared a common goal to build a fund management company that reflects their views on what investors really want from the industry. The Oakhaven team is as follows: Johan Roos, Michael Creedon, Bruce Thistlewhite and Jeremy Berman. Between us, we have more than 50 years of cumulative market experience in South African Fixed Income and Emerging Markets.

FUND OBJECTIVE

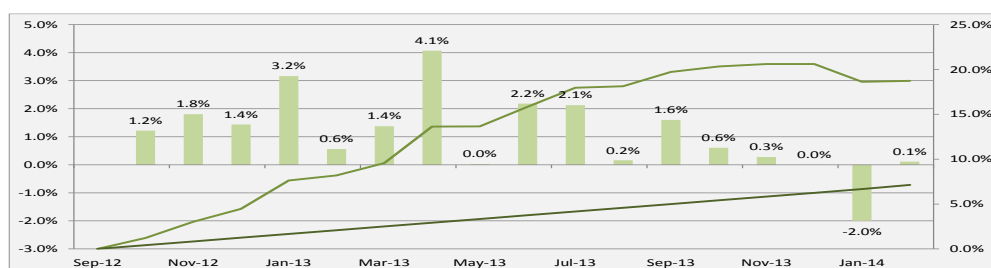

Our aim is to deliver consistent levels of return for our investors of 15% to 20% p.a. on a 3 year rolling cycle, as we set new standards in transparency and service. Our focus is based in the SA Fixed Income market, where we look to generate returns through our core investment strategies. We create a return blended from cyclical, secular relative value and directional opportunities across government bonds, cash and interest rate derivatives such as FRAs, Swaps and Options.

MONTHLY COMMENTARY

Geopolitical uncertainty is still on the radar causing volatility to tick up resulting in us amending our position sizes. The core rate outlook was changed due to the rate hike in January, altering our perspective on the depth of the cycle. Bonds rallied off the strong EM risk on sentiment which also fed into the front end of the curve. Positioning around a further hike and profit taking has been key to the movements in the curve which have been small after the storm settled following January's surprise hike.
