

## INTRODUCTION

Oakhaven Capital was established in June 2011 by individuals who shared a common goal to build a fund management company that reflects their views on what investors really want from the industry. The Oakhaven team is as follows: Johan Roos, Michael Creedon, Bruce Thistlewhite and Jeremy Berman. Between us, we have more than 55 years of cumulative market experience in South African Fixed Income and Emerging Markets.

## FUND OBJECTIVE

Our aim is to deliver consistent levels of return for our investors of 15% to 20% p.a. on a 3 year rolling cycle, as we set new standards in transparency and service. Our focus is based in the SA Fixed Income market, where we look to generate returns through our core investment strategies. We create a return blended from cyclical, secular relative value and directional opportunities across government bonds, cash and interest rate derivatives such as FRAs, Swaps and Options.

## MONTHLY COMMENTARY

With speculation of a Fed hike drifting into 2016, the world is not looking like a settled place. China's growth is subsiding, the Euro Zone along with Japan is in need of stimulus and Emerging Markets are more vulnerable as possible credit rating downgrades do their rounds. The media focus has moved to corporate balance sheets and there USD funding needs in the quarters ahead. Locally the SARB had some breathing space, which may be temporary if the probability of the US starting their tightening cycle increases.
